## Hi, I'm NiCo

I am a seasoned digital artist, motion graphics designer, and creative director with over two decades of experience in the animation and visual effects industry, specializing in audiovisual advertising projects for both national and international television spots.

During my career, I held the role of Post-Production Director at GCW Producciones for over a decade, where I honed my skills and contributed to numerous successful projects. I also had the privilege of serving as a Motion Graphics Professor at CTD Campus, instructing undergraduate students and professionals in evening courses.

My extensive portfolio includes work as a Creative Director for animation, visual effects, and post-production in television shows, as well as collaborating on hundreds of television commercials with studios and advertising agencies. Currently, I proudly serve as the Creative Director, Motion Designer, and CEO of Composicion Digital, an animation studio and professional brand specializing in visual effects. In this capacity, I lead teams to produce high-quality audiovisual advertising spots, overseeing every aspect of post-production, animation, and visual effects.

Beyond my professional life, I find fulfillment as a husband to a wonderful woman and a father to two amazing children. I am also the son of two fantastic parents and the proud brother of an Ayurveda doctor. In my free time, I indulge in my passion for long-distance running, having completed eight marathons. I'm an avid bulldog lover, a certified barista, a dedicated PS5 gamer, and much more.
